

TWELVE STRIKE – THE GOLD STANDARD IN AUTOMATIC SCORING SINCE 1989.

Testimonial from another satisfied Twelve Strike customer:

“My father has been in the bowling business all his life; from Army teams to professional teams, from manager to proprietor. And following in his footsteps, I have been in the bowling business all my life; from floor boy, desk help, mechanic, manager to proprietor.

We installed our first automatic scoring system in 1983 and have seen all the latest and greatest.

But in our opinion the best new system on the market for our money is **Twelve Strike**. Their superior tech service, the constant updates, the owner's hands on help, and the only scoring system made in the USA made our decision easy.”
